**Attachments:** Lab Supervisors.xls

Do you remember what the purpose of this list is? is this so that APHL can contact these people directly, or so that they can direct others to contact these people? I might pare down the micro list to only the primary supervisors, if you get my meaning.

Good Afternoon,

Thank you all for your help in compiling this information. With your approval, I'll forward this list to APHL.

Thanks again, and have a great weekend.
